Dear Liza

My letter on behalf of the Red Head Villages Association Inc (RHVA Inc) membership seeks your advocacy and support for improving community transport options servicing the five Red Head Villages.

At the recent RHVA Inc General Meeting the limited diversity and frequency of community transport services for the five Red Head Villages was raised and discussed. The membership also raised a trend of senior citizens from the five Red Head Villages either surrendering and/or having their driver's licence withdrawn due to old-age further impacting a constituency depending upon road transport to access regional services.

Therefore, the RHVA Inc membership respectfully seek your advocacy in communicating our issue to your NSW Government Ministerial colleague for Transport on behalf of an increasing constituency dependent on community transport options in the absence of regular public transport services.

Thank you for your time and consideration of the Association's correspondence as we look forward to your reply.

Yours Sincerely

Luke Bastock
