To whom it may concern
Re: Eastern boundary fence of Bendalong Holiday Haven tourist park

At our last RHVA general meeting on the 22nd August our members expressed concern about the dilapidated condition of the eastern boundary fence of the Holiday Haven tourist park. In fact the fence is largely absent now in most areas.This fence had been erected following advocacy by the RHVA around 15 years to provide a barrier between the park campers and the public bushland and walking track around the headland to the east of the park. The fence helped to mitigate holiday park campers spreading their camp sites and rubbish into the bushland.

We have been informed by a local resdient who has already written to you about this matter that Council does not intend to re-erect the fencing as it is considered not necessary. Can Council please explain your reasons for this decision and what methods are applied by the tourist park to contain the campers and protect the bushland.

Thankyou, and I look forward to your response.

Yours sincerely

Chris Hayes
